

# World's leading AI (Artificial Intelligence) exhibition will be launched from June 28 to 30 in Tokyo!

TOKYO--Reed Exhibitions Japan:

## ●The First Exhibition specialised in AI technologies in Japan!

In recent years, needs for the use of Artificial Intelligence is increasing in various industries. With the background, Reed Exhibitions Japan will launch AI EXPO -Artificial Intelligence Exhibition & Conference from June 28 to 30 at Tokyo Big Sight.

The show is Japan's first trade show gathering research, applications, equipment and services related to AI. As the AI market has been flourishing, the AI EXPO will draw attention around the world and become one of the world's leading AI trade shows.

## ●110 exhibitors and 15,000\* visitors will gather!

The show is expected to welcome 110 exhibitors including SoftBank, CyberAgent, OPT, Hitachi, SenseTime Japan, NTT Communications, etc. and 15,000 visitors from all across Japan and Asia. This show will be the ideal place to search for and to introduce AI technologies/ services for those who are interested in utilizing them.

(\*expected)

## ●The leaders in AI technologies in Japan will speak!

Conferences will be held in parallel to the exhibition. It must be useful to grasp the latest insight of AI technologies/services. Each course and speaker is the following.
